

Legendary Lighting – Flowood, MS

Atlas Gas Lantern

Lighting the way with beauty and charm, THE ATLAS lantern carries the strength of timeless design. The Atlas from Legendary Lighting is Made in Mississippi with true craftsmanship and the highest of safety standards. The Atlas Lantern is available with many choices of illumination including gas, electrical configurations and even electronic gas ignition systems.

Taylor Power Systems – Clinton, MS

TM1000

The Taylor Power TM1000 is a container-based portable generator that is manufactured in their facility in Clinton, MS. It's powered by twin 500 kW tier 4 final Volvo Penta engines. The two engines are paralleled for the total 1000 kW but can be separated for redundant 500 kW use.

The TM1000 is utilized by equipment rental companies, first responders, hospitals, manufacturing facilities, and essentially any business that needs a considerable volume of immediate power.

McNeely Plastics – Clinton, MS

The Naked Truth bag is a fully-recyclable, plastic pouch that is available at Whole Foods Markets across the U.S. This package is unique in its change from what is traditionally a non-recyclable package. McNeely Plastics is proud to offer this line of sustainable packaging.

TWISTER and BANTAM Fence Tool – Forkville, MS

At CackleBee Farms, our Patented Fence Tools are able to put up, take down, or tighten an existing T post fence. One tool does it all, allowing complete control over how tight your ties are installed, without leaving your hide behind on the barbs! The TWISTER Fence Tool® is best for barb wire because of its length and added leverage. The BANTAM Fence Tool™ is best for net wire.
